My masters degree program was online

Graduted with a BS from Concord previously

Distance from my parents' house

The ease of applying and the fast responses to my questions of my questions. MSU scared me.

I transferred to Concord to be closer to home, but after being on campus fell in love with the atmosphere. The smaller size allows teachers to connect with students in a meaningful way.

MSU shut down and I did not want to go so far away from home so I choose to attend Concord University.

I THOUGHT I was going to be able to take classes in Beckley, but it didn't work out so great for me. I ended up driving to Athens a lot, which wasn't great on my wallet.

able to do my classes online so I could continue to work and support my family.

In order to graduate in one semester after transferring from another university

the fact that they accepted all of my transferring credits, whereas the other institutions I wanted to transfer to did not
