15

The **Bachelor of Science in Psychology** degree prepares students for a variety of careers as well as providing the educational foundation necessary to pursue graduate or professional training in the field of psychology or related disciplines.

### MILESTONE COURSES

Courses marked as Milestone Courses are crucial for staying on track to complete your degree in four years. Take them in the recommended semester to stay on track! If you see a recommended minimum grade, this is the grade you need to earn to have the best chance for success in this degree! Grades marked with an asterisk are required to pass.

### ADVISING

When you choose to pursue this degree, you will be assigned an advisor who is an expert in the field of Psychology. This advisor can help you with course selection, career planning, resume building, and help you with tracking your path to degree completion.

### Helpful Hints

- Use this plan in consultation with your Academic Advisor.
- Take advantage of DegreeWorks to keep informed of your academic progress.
- The Psychology Major requires that you have a Minor or Program of Study worked out with your Academic Advisor.

## Helpful Hints

- A 'C' average is required in Psychology courses at time of graduation (note: this does not mean that a 'C' or better is required in all Psychology courses).
- Take advantage of Study Abroad/Travel Opportunities, they may count as a Psychology Elective course.
- Get to know your Academic Advisor and other Psychology faculty in order to be prepared to ask for strong letters of recommendation.
- Semester 8—PSY 415 is recommended, but you may choose to take PSY 460: Psychology Practicum.
