The **Bachelor of Science in Nursing** degree prepares students for a variety of careers as well as providing the educational foundation necessary to pursue graduate or professional training in the field of Nursing.

#### MILESTONE COURSES

Courses marked as *Milestone Courses* are crucial for staying on track to complete your degree in three semesters. Take them in

the recommended semester to stay on track! Sections with a recommended minimum grade is the grade you need to earn to have the best chance for success! Grades marked with an asterisk (\*) are required to pass.

#### LANDMARKS

Points where you see a landmark icon on the four-year plan indicate you have reached a point of action outside regular coursework! See the Helpful Hints for information on each landmark.

#### ADVISING

When you choose to pursue this degree, you will be assigned an advisor with expertise in the field of Nursing. This advisor will help you with course selection, career planning, resume building, and tracking your path to degree completion.

## Helpful Hints

RNs interested in completing the BSN program must have:

- Earned an Associate's Degree in Nursing,
- A valid RN license,
- Submitted a formal application to the BSN program,
- 120 Credit hours\* required to graduate with at least a 2.5 GPA upon entry and a 3.0 maintained GPA in Nursing courses

\*courses from the traditional Nursing Program are encouraged to fulfill credit hour requirements.
